**Turn Possibilities Into Reality**  
At Swarnnim University

Having over 15 years of experience in higher education, Swarnnim Startup & Innovation University's aim is to inculcate the spirit of entrepreneurship and startups amongst the youngsters of our nation. The enriching environment, along with the technical and non-technical courses, helps in the personal, professional and academic development of the students. With the state-of-the-art Startup Launchpad that is at the students' disposal 24\*7, the youngsters can explore, validate, and launch their business ideas.

We see to it that regular workshops, seminars and talks are organized with industry leaders so that we can bridge the gap between academics, industry, and the society at large. We encourage our students to have faith in themselves and be confident enough to create their own path for the nation's better future.

Even the faculty that we have employed are experts and scholars in their profession who contribute towards the holistic development of all the students. We encourage our staff to also stress on research along with academics, in order to help us create a stronger and prosperous delivery system.

## VISION

To be a globally competent institution imparting education based upon the foundation of innovation and entrepreneurship.

## MISSION

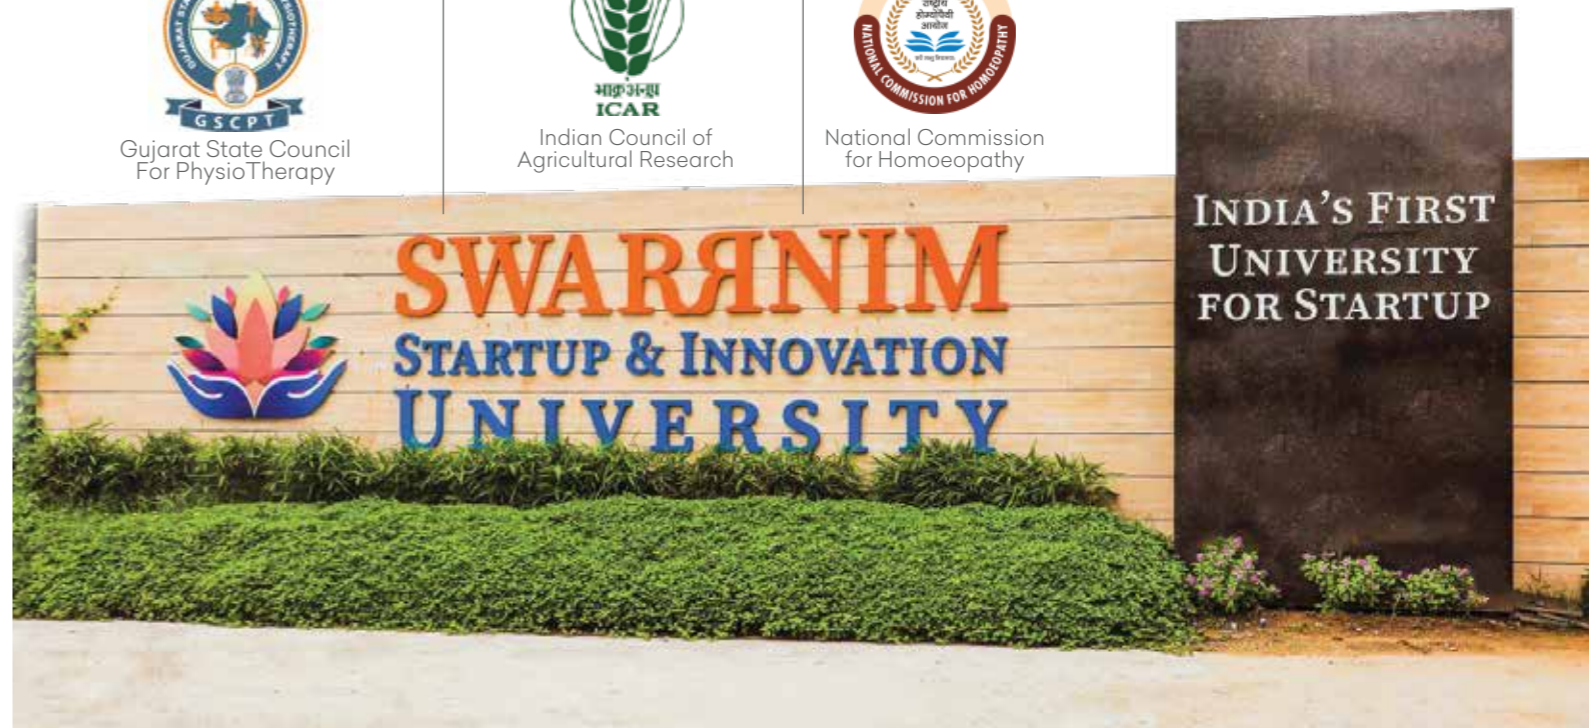

To create budding Entrepreneurs who can compete globally by grooming their innovative and startup skills.

# RECOGNITION

# FROM THE DESK OF

**Shri Rishabh Gayappasad Jain**  
President & Founder, Swarnim

**Shri Vivek Anand Oberoi**  
Co Founder, Swarnim

Make yourself so worthy, that you become the dawn of a greater future. We, at Swarnim Startup & Innovation University, are strong believers in this philosophy. We strive to make our students extremely worthy so that they always emerge victorious in every endeavour. The ever-evolving global market demands intellectuals who are dynamic, far-sighted, and most importantly, innovative. The demands of the EMPANELED world require innovative thinkers who are ready to take up challenges as well as be triumphant.

Our courses and programs have been designed for holistic development such that the aspirants are skilled, creative, and confident, all at the same time. We help them become intellectually adept, socially and technically sound through initiatives like regular brainstorming sessions, seminars, group discussions, case studies, project presentations and thought-provoking events. Our committed faculty, updated curriculum and excellent facilities ensure that you improve your skills, possess impressive qualifications, embark on a global career, and lead a blazing trail of success. Come and take your life to newer heights. Shape your future at our campus. I wish a bright future ahead to all the youngsters.

The nation is buzzing with so many startups with young blood running as entrepreneurs. The Startup movement is transforming how products and services are built and distributed. In an age of rapid technological innovations, the education system plays a compelling role. Being an entrepreneur aficionado, I am thrilled and excited to be a part of Swarnim where young talent is nurtured to initiate their own Startup & Entrepreneurship.

The vision of this educational convergence brings entrepreneurs together. It is our endeavour to maximize the potential of innovations and distribute its benefits to a wider set of audience. To help youngsters land the job of their liking, Swarnim is jam-packed with opportunities to grow your knowledge base and help you holster new skills.

We wish to create innovative solutions to maximize the positive potential of opportunities enabled by the education sector.

**Mrs. Sunita Jain**  
Trustee- GP Jain Charitable Trust

Being an independent woman myself, I love the way Swarnim University is shaping the future of the girl students and empowering them to excel in their respective domains of education. With new initiatives taken every single day, the dedication of Swarnim University is impeccable.

**Mrs. Vinjal Jain**  
Trustee- GP Jain Charitable Trust

Swarnim University is one of a kind and known for training the students for real-world experience. The University focuses on guiding the students through the challenges coming their way during their academic growth. We emphasize on practical knowledge and value it the most in our curriculum.

**Mr. Love Jain**  
MD, Swarnim Group

It is important for us to analyse the students' perspectives and understand their issues at a root level. Contributing to the University's vision laid down by the founders, we believe in enhancing the skilset of students and pushing them towards a scalable and bright future loaded with opportunities.

**Mr. Rishi M Jain**  
MD, Swarnim Group

At Swarnim Startup & Innovation University, we focus on practice-oriented teaching process and industry-oriented education. Swarnim University is continuously improving the learning environment and reviewing the road map that can facilitate achieving academic excellence resulting in employability as competent technocrats/managers/educationists in various disciplines.

**Mr. Adi Rishabh Jain**  
Vice- President

Swarnim Startup & Innovation University is a place where ideas and concepts are nurtured! Here's where students become masters in their domains and go on to lead the nation. Swarnim's faculties, staff, and alumni students work with dedication to achieve the biggest milestones of the student's journey

**Ms. Nikitaa Jain**  
MD-Global & Women Entrepreneurship Development Cell

I am extremely proud to be a part of this rich tradition of providing industry-oriented education. There is a saying, "If you want something to be said, ask a man. But if you want something to be done, ask a woman." Generally, women tend to possess more potential to be the driving change at the university and global level. The University's Women Entrepreneurship Development Cell aims to push women to outdo others and make them confident about themselves.

**Dr. Kartik Jain**  
Provost

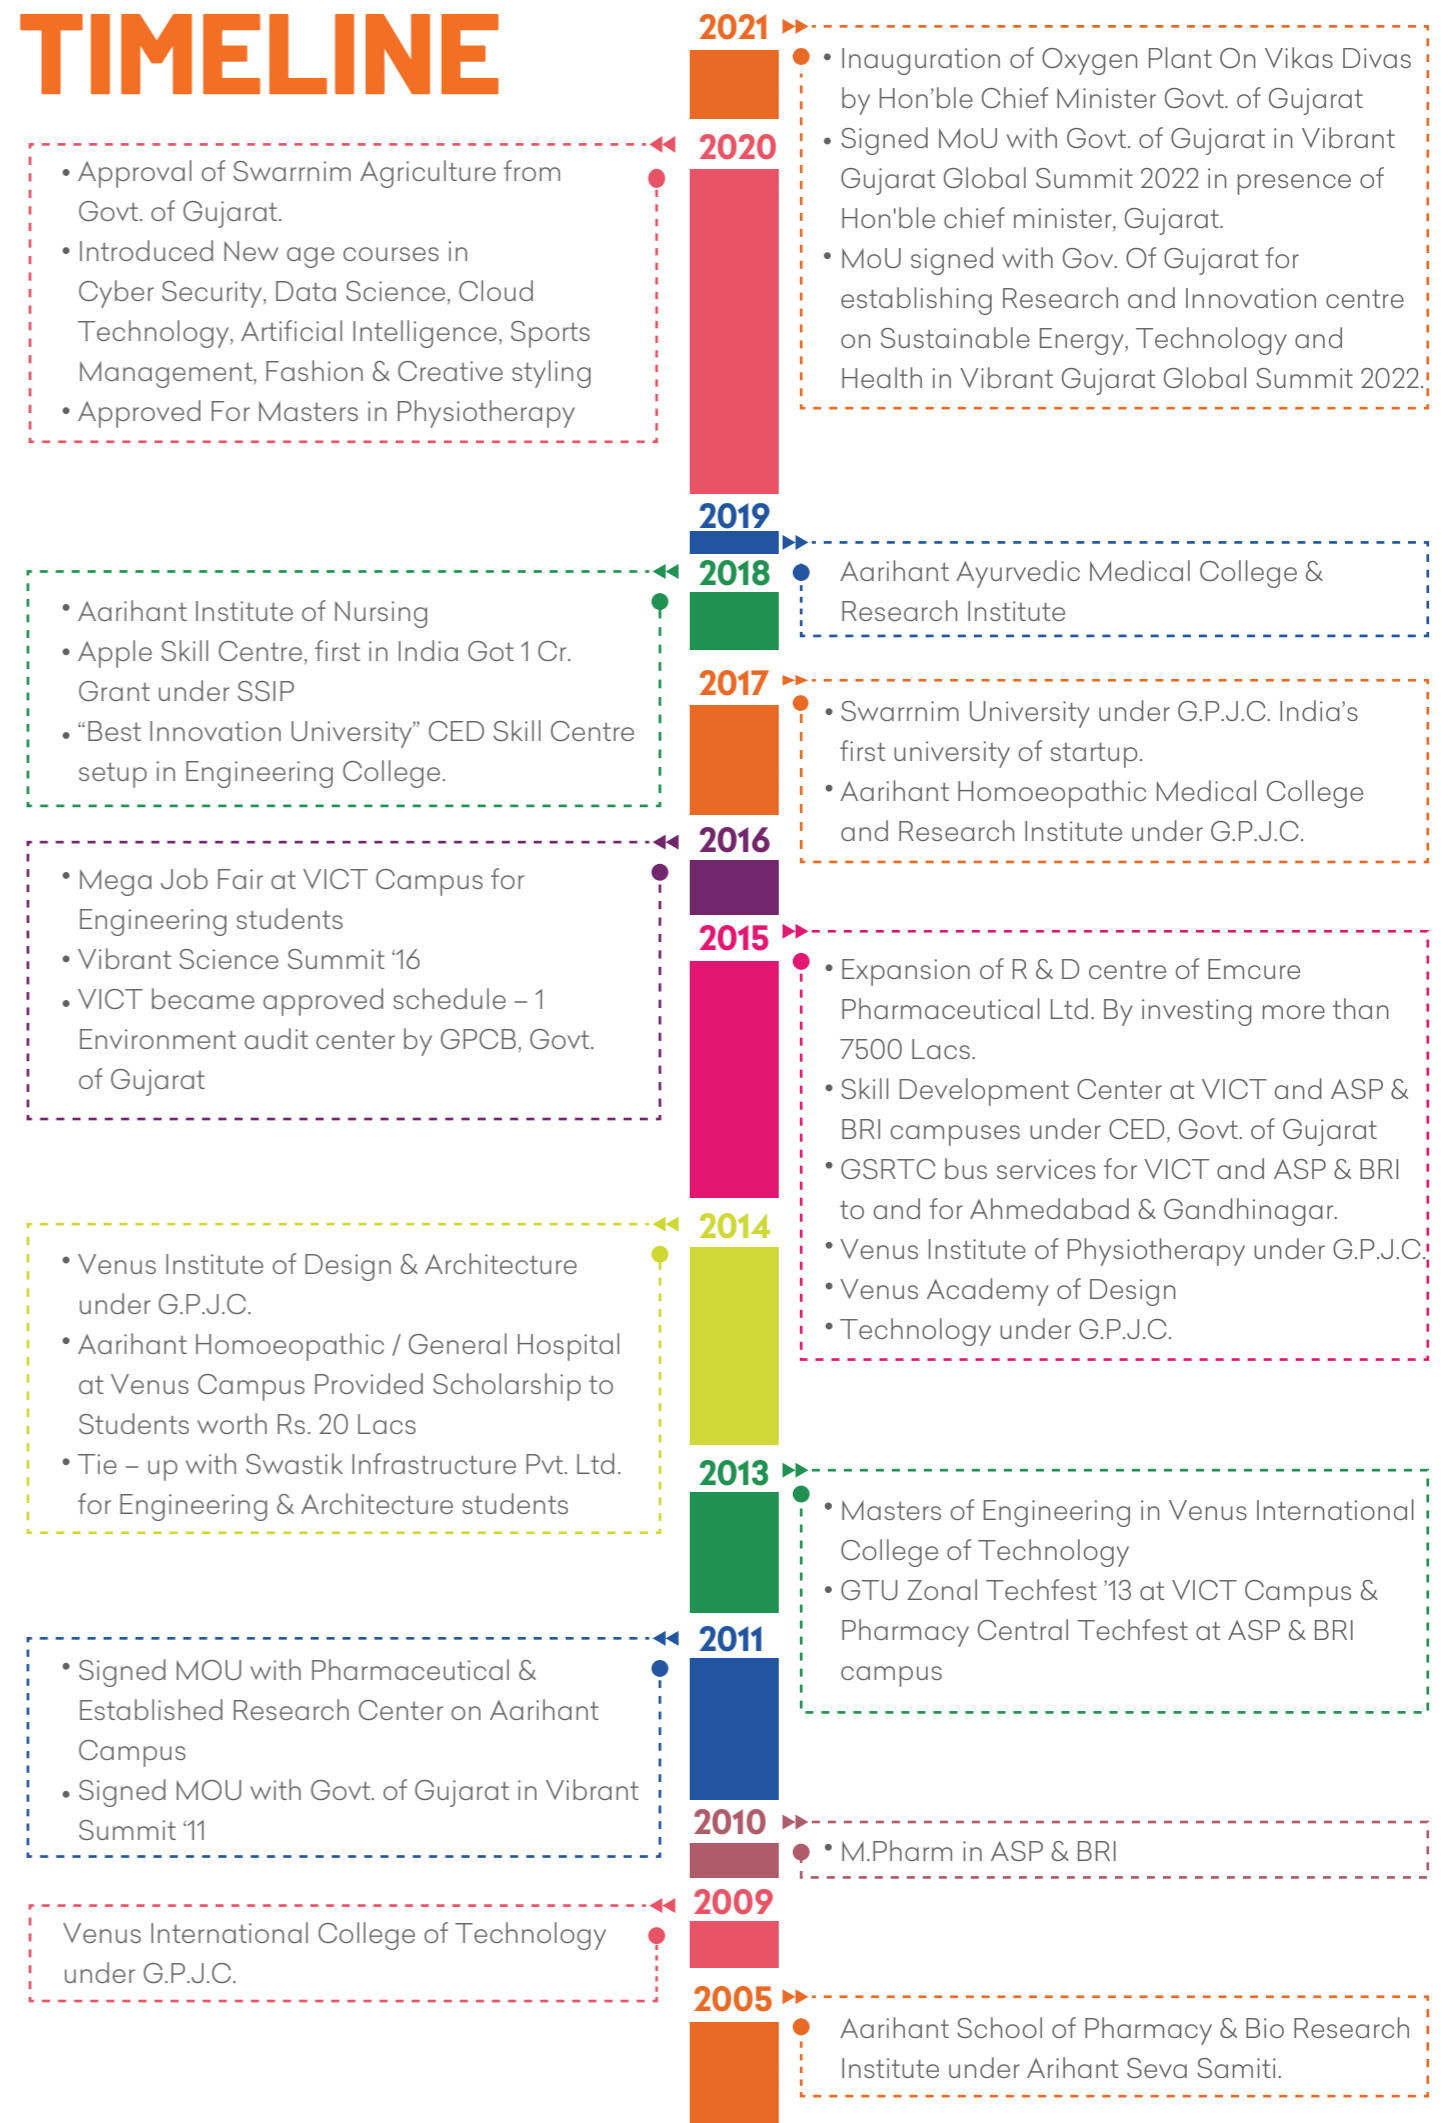

Swarnim University is India's first university in the field of Startup and Entrepreneurship. We wish to create more job providers than jobseekers. Shri Vivek Anand Oberoi, Co-Founder, Swarnim And we are working towards making India, a country where maximum startup ideas are generated. We don't just work at the education level, we wish to contribute to the nation at large by providing education that gives the nation and the world more leaders.

**Dr. Upendra Patel**  
Registrar

We are committed to offering outstanding education and training in our state-of-the-art classrooms, and research facilities. Creating an environment of innovation, startup, and entrepreneurship, we enable our students to find a suitable career. We don't just stress upon the knowledge aspect, but also look into the overall development of children studying here. When you choose Swarnim, you are choosing a brighter future for yourself.

**Hon'ble  
Shri Mansukh Mandaviya**  
Minister of Health and Family Welfare  
Minister of Chemicals and Fertilizers  
Government of India

All the students should find a way where they can contribute towards nation building with their startups and innovations. I am also hopeful that the startups at Swarnim University make this world a better place. I extend my best wishes to all the students.

I appreciate the Swarnim family for contributing to society during the Covid – 19 crisis. Let me take this opportunity to appeal to all young entrepreneurs & startups to make the best use of this opportunity. Swarnim University has done a remarkable job in bringing Educationists, Researchers & Practitioners to one platform to promote startup and innovation.

**Hon'ble Shri Parshottam  
Khodabhai Rupala**  
Union Cabinet Minister of Fisheries,  
Animal Husbandry & Dairying -  
Government of India

It was a pleasure to discuss “Atmanirbhar Bharat” with Swarnim students and faculty. I would like the Startups at Swarnim to work with ICR. We will extend our full support to the startups that cater to the field of agriculture and share the learning from our experienced resources.

It is my privilege to have a conversation with the students of India's first Startup University. The students of Swarnim Startup & Innovation University are lucky to have an opportunity of converting their ideas into concrete businesses.

**Hon'ble  
Shri Shripad Yesso Naik**  
Minister of State for Tourism  
Government of India

**Honorable  
Shri. Som Parkash I.A.S. (Retd.)**  
Union Minister of State, Commerce and  
Industry, Government of India

Messages From

**Eminent Leaders,** Delivered During **SWARRNIMTalk**

**Hon'ble  
Shri Bhupendrasinh Chudasma**  
Former Cabinet Minister for Education,  
Government of Gujarat.

As you all are from startup university, think about how you can use COVID -19 Lockdown & Post COVID – 19 era as the best opportunity for startup & Innovation.

I hereby congratulate Shri Rishabh Jain, Shri Adi Jain, and the entire Swarnim Family for taking an initiative on e-learning and converting a difficult situation into an opportunity for immense learning. Also, it is praiseworthy for putting tremendous efforts to encourage students for startups.

**Shri Sanjay Raval**  
Motivational Speaker

Swarnim University is like my dream University which I always wanted to open. It is a place where 10th or 12th standard students can come with raw thoughts and innovative ideas to transform them into sustainable startups. It is amazing how Swarnim University supports such students not only academically but also arranges infrastructure and funding for their startups. It is the perfect place to make students self-dependent and polish their entrepreneurship skills.

- ✓ Selection of ventures
- ✓ Assessment of idea's commercial viability
- ✓ Mentoring from industry experts and academics
- ✓ Seed funding
- ✓ Government grants
- ✓ Legal & IPR support
- ✓ Infrastructure support
- ✓ Network development for resource

The Swarnim Incubation Centre (SIC) offers a whole spectrum of incubation facilities and support to prospective entrepreneurs and startups. It assists students to convert their innovative thoughts and ideas into reality by making commercially viable products or services out of it. The centre also pushes students to identify problems or challenges faced by society and come up with innovative and sustainable solutions. SIC nurtures ventures in technology, agriculture, social, engineering, and other disciplinary areas. SIC regularly hosts events like entrepreneurial talks, workshops, and seminars that offer great visibility in the region. The centre offers the following services to startups:

## HIGHLIGHTS OF SIC

30+ Projects registered for Prototype

05 Startups Incubated

14 Patents filed/ Published

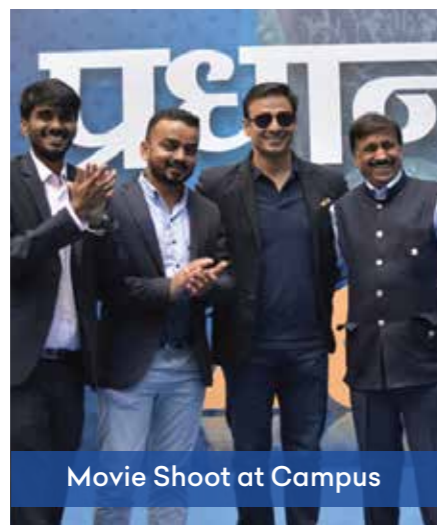

15 Lac. Funds given for development of the idea and Prototype

7 Lac. Fund allotted for Patent

100+ Students have worked on registered startup projects.

Visit of Dr Rabiya Khatun, For the Purpose of International Student Exchange

DYSP Manjari Vanzara at Campus

Vocal for Local 2.0 Exhibition

# SWARRNIM ATMANIRBHAR DIVYANG CELL

The Swarnim Atmanirbhar Divyang Cell was inaugurated in April 2021 with the aim to develop startup and entrepreneurship eco-system to support people with disabilities.

This cell provides employment skill training, before arranging placements for them in corporates, institutions, and organizations.

The cell wishes to help the youth with disability to convert their innovative ideas into a revenue generation model. Swarnim Startup & Innovation University successfully signed an **MOU with Apang Manav Mandal**.

# WOMEN ENTREPRENEURSHIP DEVELOPMENT CELL

Protecting women and their rights is the prime motto of Swarnim University. Every woman has the right to be heard and therefore, we created the Women Development Cell (WDC) in 2011-2012, in order to work towards empowering women and motivating them to become stronger individuals. The WDC has been set up to address concerns regarding gender discrimination. We work towards Women Empowerment and Women Rights in order to enhance the skills women entrepreneurs require for their own upliftment. The cell has done various workshop series based on skill development, health, hygiene, sensitization, and entrepreneurship.

## Activities & Webinars

## Major Focus Areas

All the focus areas of Women Entrepreneurship and Development Cell are in concern with the Women of the Society:

## Associations & Supporting Partners

# STARTUP INCUBATION FACILITY

## Collaborations

PHYSICAL  
INFRASTRUCTURE

SHARED  
RESOURCES

BUSINESS  
SUPPORT

## Morning Plus Beverages Pvt Ltd

The company started to provide fresh juice to the patients at the hospital. We later manufactured soft drinks and cold drinks with low sugar and no preservatives. The manufacturing was carried out at a low cost with plastic recycling process.

## Mec R Spray (Polyherbal spary for menstrual cramp relief)

Mec R Spray is a herbal spray applied topically on the lower abdominal area for the treatment of menstrual cramps. The product is easy to use and safe with good penetrability and quick onset of action.

## Hybrid Vehicle

The hybrid vehicle is built to work on both, conventional and electric vehicle technology. The vehicle is operated through a motor as well as battery in electric mode and conventional paddling method for operating it as a cycle.

## The Morning Drug- Freshly Roasted Coffee!

The aim behind this is to introduce coffee lovers to buy quality coffee beans and roast them with care. With this, we wish to make high-quality coffee more accessible through our cafes and our website.

## Veggie Cleaner

It is the organic product to Cleans Vegetables & Fruits without using Chemical ingredients. Veggie Cleaner is made from 100% Natural ingredients like the extract of neem, lemon juice, etc.

Swarnim Institute of Technology is an initiative of Swarnim Startup and Innovation University, Gandhinagar with a vision of imparting quality education in the field of technology.

SIT has published 4 patents in the field of Mechanical and Automobile Engineering. SIT is an authorized Virtual Laboratory (CV Lab) centre approved by IIT Roorkee.

Apple authorized SIT focuses on industry-oriented iOS app development programs. SIT is emphasizing on outcome-based teaching and learning process.

We promote research and development activities among faculty and students to develop new technologies and the generation of IPR.

“Design to make a difference” is the mantra that encapsulates the essence of design education offered by Swarnim Startup and Innovation University. We thrive on different ways of thinking, rethinking, making and doing. And situated as we are in a University of entrepreneurial spirit, we find new and exciting ways to collaborate and bring ideas to fruition. Our staff and students are immersed in the cultural life of Gujarat and India; connected into the state’s national and global networks. We are continually invigorated by these connections and contribute to their future development.

We actively influence global cultural debates through the diversity and international reach of our staff, students and alumni. At Swarnim Institute of Design, we specialize in utilizing design as an instrument for upholding the values of social justice and environmental stewardship through our teaching and research, as well as in the way we live, work and conduct our operations.

We ask original questions and arrive at new insights through the creativity and rigour of our practice and research. We draw on and develop the natural enterprise and curiosity of our students, encouraging them to be the next initiators and innovators in their respective design realms. The creed of the institute is “learning by doing,” a hands-on technique where we work with craftsmen, weavers, bricklayers, robotic arms, laser cutters and 3D printers to find new viable solutions.

The cornerstone of our pedagogy is based on four pillars: vocational, professional, critical and ethical. Vocational is the basics that has to be mastered, from learning to sew to the laying of the brick, to the software rendering of a light fixture. Professional is the ability to go beyond the basics and address essential core of design. Critical thinking is the ability to reason and consider a problem from multiple positions, and without anxiety to an end or solution. To understand, analyze, reason, synthesize and reconsider or rethinking. And lastly, the ethical is self-evident, growing and an important concern.

Swarnim Science College primarily intends to nurture the shelved potential in students providing an ideal platform for them to channelize their creative outbursts and lend expression to their thoughts and views on various aspects in a serene manner. Our Institution believes that the purpose of education is to turn mirrors into windows, and it focuses not only on pure studies but also on providing opportunity to each student to explore his or her own capabilities and their area of interest - curricular, co-curricular or extra-curricular.

We aim to develop soft skills that will equip them to manage and lead the varied opportunities and challenges of the society with an added edge. We believe that complete development of a student into a holistic person requires active participation of the parents too. Thus the institution is in constant touch with parents informing them about the performance of their wards through correspondence and dialogues.

# Aarihant Institute of Nursing

The Healthcare Industry is one of the largest growing industries in our country. There is a huge gap between the requirement and actual supply of good quality healthcare professionals. Considering this, Swarnim Institute of Health Science is exclusively dedicated to the education of healthcare professionals. And this makes us the most sought-after School in the region.

The program was curated to help students develop an understanding of the philosophy, objectives, and responsibilities of 'Nursing' as a profession. The purpose of this course is to introduce the students to the current concepts involved in the practice of Nursing. This includes developments in the Nursing profession, integrating the knowledge of various fields to provide holistic care, prevention of disease spread and infection, care during illness and rehabilitation at recovery.

## Venus Institute of Physiotherapy

Physiotherapy is one of the most demanding professions in the medical sector. It is a non-surgical treatment process aimed to reduce pain, improving movement & restoring functionality to improve the patient's health and quality of life.

This program at Swarnim Institute of Health Sciences provides the student with a basic health science foundation at undergraduate level of physiotherapy.

## Physiotherapy Labs

Anatomy Lab

Exercise Therapy Lab

Cardio-pulmonary Lab

## MPT (Master of Physiotherapy)

The master of physiotherapy or MPT course is a 2-year PG programme under allied health science with the aim of enhancing the quality of life of an individual. Like most of the PG in medical and allied health science course, MPT is a research-oriented programme which directly allows for a deeper and extensive understanding of physiotherapy and its effects on human well-being.

Under the curriculum of a masters of physiotherapy (MPT) course, a student will gain the appropriate knowledge and skills to provide medical solution to one's physical disabilities. Moreover, students will be exposed to a number of case studies and clinical practices which will allow for a critical and analytical understanding of the field and its application.

As MPT graduates, candidates will take part in rehabilitative and restorative medical practices to combat issues of motor-disabilities, improvement of posture, respiratory issues and many other physically-restrictive disabilities which cause normal people to work harder to participate in normal routines.

B.Sc.(Hons.) agriculture is a broad-based course with great potential. It deals with things like food production, horticulture, animal rearing, rural economy and rural development, environmental health, etc. Other industries may face downsizing but agriculture can never fall prey because “food” is the basic necessity for life. Feeding the world will never face a recession or a slowdown. In fact, the development in technology, research, and innovation has multiplied the scope of agriculture in a big way.

B.Sc.(hons.) agriculture degree equips a student with the knowledge and skills that will help them to manage agri-preneurship, conduct research, work in agricultural field, conduct field surveys and manage different areas of farming practices.

B.Sc.(hons.) agriculture is a 4-year undergraduate professional course offered by swarnim startup & innovation university. The demand for graduates with a degree in agriculture is increasing every day in india and abroad.

The Syllabus Is As Per The Guidelines Of Icar (Indian Council Of Agriculture Research) And Is Designed To Train Students To Understand Ways Of Improving The Crop Production In A Sustainable Manner And To Provide Overall Knowledge Related To Agriculture And Related Disciplines.

A Student Pursuing B.Sc.(Hons.) Agriculture Course Will Study A Wide Variety Of Subjects Including Agronomy, Soil Sciences, Horticulture (Fruit Science & Vegetable), Plant Breeding And Genetics, Entomology, Plant Pathology, Animal Sciences, Extension Education, Plant Biochemistry, Agriculture Economics, Basics Of Biotechnology, Etc.

### College Crop Museum For Students Practical

## Bachelor of Journalism & Mass Communication

Journalism & Mass Communication at Swarnim Startup and Innovation University offers substantial knowledge focusing on Journalistic skills in mass media, ethics, communication and society, basic reporting skills, etc with emphasis on innovation.

The programme is prepared to offer a perfect blend of theoretical knowledge as well as practical exposure to the students through subjects like print media, electronic media, new media, and public relations etc.

Throughout this program, students are encouraged to prepare portfolios, short films, and research on various projects in the form of assignments. Classroom and outdoor activities are conducted to enhance every child's communication skills.

## Psychology | English (Hons.) | Economics

The degree programmes in Psychology are designed in such a way that it imparts deep knowledge of human psychology, its behaviour and how people interact with each other in their ecosystem. It trains students both with theoretical knowledge and practical approach so that they are capable of identifying emotional, psychological, and behavioural issues as well as specific disorders.

The English (Hons) programme aims to introduce a wide variety of literature in the English language. Primarily, it aims to offer eligible students the opportunity to read and respond to a massive spectrum of novels, plays, and poetry across different genres. The students are exposed to various socio-cultural and political issues in relation to contemporary English literature.

The degree programme in Economics is best suited for students who are seeking to build a career in the field of economics. This proves to be helpful in prospective career programs and helps to build oneself as an entrepreneur with the detailed knowledge of the economy and how it runs. It is the social science which analyses the economy as a whole and its production, consumption, distribution of different goods and services.

## Innovation & Entrepreneurship

Swarnim Start-up and Innovation University offers unique Add-on certification in Innovation and Entrepreneurship to all its students. Students undergo different modules on Start-up and Innovation throughout the duration of program and are evaluated according to the curriculum. The course structure is designed in such a way that the students will understand from the basic concepts and will be able and ready to launch a start-up by the time they progress to the last semester of their studies.

**Vision**

To be a world class institution that builds individuals with entrepreneurial credibility for creating a productive society.

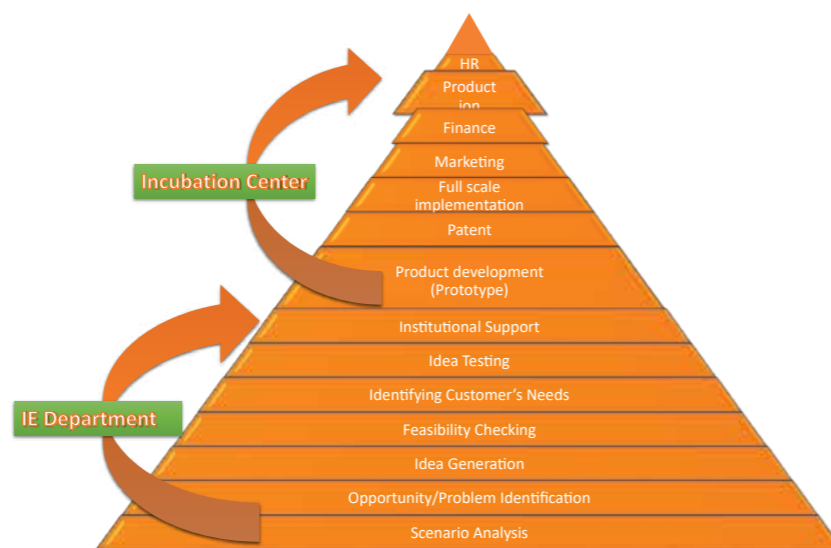

**Mission**

Incorporate efficiency and commitment via drivers of initiative, innovation, and technology development in modern system.

### Funnel Process between IE and SIC

Once the students are ready with start-up projects, the best projects are transferred to SIC where a dedicated Incubation manager takes care of the requirements of the budding entrepreneurs and help them in all possible ways.

### Teaching Pedagogy

## Course Overview

The course is designed to develop and enhance the entrepreneurial and business acumen in the students alongside promoting the academic skills in them. This has highly influenced the end users as well as every small and big organizations, employees and educational sectors associated with it in the last few decades. The main focus of the course is to enhance the entrepreneurial skill set among the students and make them capable of offering employment to others rather than seeking employment.

## TEACHING PEDAGOGY

The syllabus at Swarnim is designed in a way that brings synergy between the practical life experiences, modern theories, classroom lectures, site visits, experiments in labs, field trips, and interaction with industry practitioners. Together these activities provide students a good exposure to face the “real-time challenges”.

We encourage students to go beyond the course curriculum and participate in exhibitions, events, conferences, seminars, research projects, and student exchange programs. Our teaching involves live cases from the industry to keep them updated with market trends.

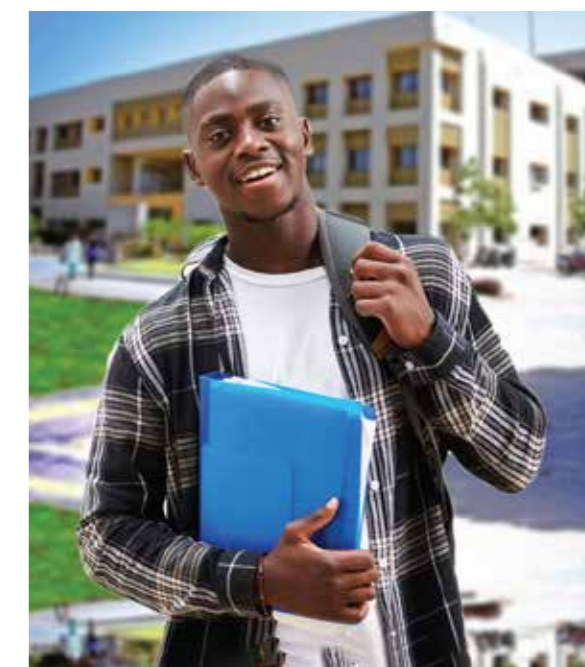

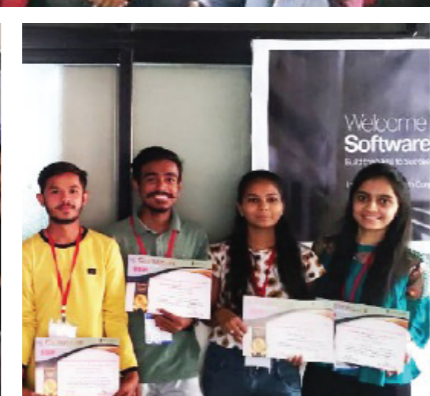

50+  
Industrial Visit

100+  
Expert Talks

Swarnim Startup & Innovation University welcomes students from different parts of the globe to a diverse community of young minds. Swarnim University has adopted new learning techniques and provides ample opportunities to students. This is what makes Swarnim the ideal place to pursue good education. An opportunity to study a variety of disciplines and career-oriented courses are provided in a state-of-the-art environment where one can find global exposure.

## Why Study in India ?

- ✔ World's third-largest 'Higher Education' system
- ✔ World's largest democracy with its economy ranked at the 6<sup>th</sup> place
- ✔ Known for entrepreneurial & technological ecosystem with remarkable startups
- ✔ History of thousands of years with rich culture & tradition. Home to beautiful landscapes including Mountains of Himalayas, Thar Desert, Rann of Kutch, rich wildlife, and Kashmir- the heaven on earth.
- ✔ A secular nation that values all religions and beliefs, and provides equal opportunities to all

# WHY GUJARAT & AHMEDABAD?

- ✔ First-Ever "Africa Day" organized on Jan 19, 2019, at 9th Vibrant Gujarat Summit 2019. Gujarat shares business relationships with all parts of the world.
- ✔ With a radius of 15km, Ahmedabad is the biggest city in Gujarat. The city has an efficient and safe public transport system in the form of local airports, several rail links and intercity bus services.
- ✔ UNESCO world heritage sites- Ancient Ruins of civilizations are present in Dholavira and Lothal. UNESCO notified Ahmedabad as a World Heritage City in the year 2017.
- ✔ In recent times, the state has created some modern wonders for the world to see, like the "Statue of Unity", standing tall at 182m on the banks of river Narmada. It is the tallest statue in the world signifying the efforts and the strong will of the Iron man of India, Sardar Vallabhbhai Patel

Dubai Roadshow

MoU Signed with Pokhara University, Nepal

# WHY SWARNIM?

- ✔ Ranked among top 50 Universities in India for Innovation achievement by Ministry of Human Resource Development
- ✔ State-of-the-art infrastructural facilities
- ✔ Swarnim Incubation Centre to facilitate & mentor startups for international students
- ✔ New age courses in Cyber Security, Data Science, Cloud Technology, Artificial Intelligence, Sports Management, Fashion & Creative styling, and much more
- ✔ In-campus residential facilities for international students
- ✔ Student Support Cell for International students, assistance in the visa process, FRRO, police verification & medical insurance

MOU between Swarnim Startup and Innovation University & Leela Foundation, Uganda.

## INTERNATIONAL SCHOLARSHIPS

Swarnim facilitates all students to pursue their higher education goal and start their entrepreneurial journey. **Upto 100% scholarship** in tuition fee is available for international students based on academic merits.

## INTERNATIONAL STUDENT SUPPORT

International cell at Swarnim helps students with pre & post-arrival information, Visa processing, FRRO/local police registration & Medical insurance. For more information and support, one can write to [international@swarnim.edu.in](mailto:international@swarnim.edu.in)

# STUDENT'S TESTIMONIALS

I solemnly thank my Placement Head- Mr. Nimish Dave, for providing such a great opportunity, as he believed in me and always motivated me to strive for different placements. "Where there is a will there is a way". He stood by my side during the hard times. I feel so obliged to be a student of Swarnim Startup & Innovation University. It is enriching to be in such a healthy environment.

**Ms. Kriti Verma (B Tech IT)**

Swarnim is a centre for startups and excellence. The Department of School of Business has offered me a new way of thinking. The startup culture of the college has inspired me to work on my ideas. Parul Ma'am has been a profound example of a business department head. She introduced us to the business environment, from thinking like a manager to decorum that business leaders need to follow and how to dress well. I am proud and satisfied to have chosen the School of Business at Swarnim Startup and Innovation University.

**Shreya Dharendra Kumar (BBA Entrepreneurship)**

Pursuing my bachelor's degree in Fashion Design from Swarnim Startup and Innovation University has given me many memorable experiences in my journey to become a fashion designer. Our faculty was brilliant as everyone had great exposure and experience. They would constantly push us to create something out of the box and respect both, the outcome and the design process. This has shaped me not only as a creative professional but also as a better person who respects work ethics and morality.

**Ms. Mitali Patel (B Des Fashion Design)**

I am happy to be a part of India's first University for startups and innovation. The infrastructure of Swarnim Startup and Innovation University is one of the finest in Gandhinagar and it's what stands out the most. The professors here make the university what it is today. With an attitude of being ever ready to help, and not only delivering classroom teachings but also providing the students with real-time case studies and hands-on field experience with project work, they are the pillars of learning that we shall treasure for life.

**Ms. Darshi Shah (B.Sc. (Hons.) Agriculture)**
